

**A Workshop on
LIVING AMONG THE OAKS**
July 15, 2011 8:00 a.m. to 4:00 p.m.
North Fork Rancheria Community Center
56900 Ku Nu Gid, North Fork, CA 93643

**Balancing Wildlife Needs, Forest Health and Fire Hazard
Reduction in Madera County Forests**

Workshop Topics:

- Basic principles of wildlife habitat and wildlife management with emphasis on Madera County.
- Potential impacts of forest management on wildlife and their habitats.
- Sensitive plants and habitats.
- Maintaining habitat values while improving forest health and reducing fire hazard
- Designing and implementing practices that balance wildlife needs, forest health and fire hazard reduction

Draft Agenda and Presenters:

- Vegetation Ecology: Todd Keeler-Wolf, Department of Fish and Game (DFG)
- Wildlife Habitat: Lorna Dobrovolny, DFG
- Sensitive Plants: Tim Nosal, DFG
- Farm Bill Programs: Jennifer Johnson, NRCS
- Wildfire Hazard Reduction: Richard Harris, SAF
- Managing Development Impacts on Oak Woodlands: Richard Harris
- Field Trip: Arranged by CRCD

Sponsors:

Northern California Society of American Foresters, Coarsegold Resource Conservation District, Natural Resources Conservation Service, UC Cooperative Extension, California Department of Fish and Game. Partial funding provided by US Forest Service, State and Private Forestry.
